Hey Lisa,

Sorry for the delay on my end, I just got off an airplane, in Houston for the week.

Our PLS did dig up all of the exclusions and inclusions for the district. A pdf of what he found is attached. We can assume that the data we currently have is representative of the District's when they were created so we can skip the District creation.

Working through the rest of the exclusions and inclusions could take some time but I think we could get it done in about 1 or 2 weeks for roughly $6500.00 (this is an estimate and not a solid cost).

If you would like a formal proposal please let me know and we can put one together for you.

Sorry again for the delay.

Let me know if you have any questions.

Thanks,

Shane
