IMPORTANT MESSAGES:

THANK YOU FOR YOUR CONTRIBUTIONS

Thank you to the many generous Atmos Energy customers who are helping low-income families in their communities pay their natural gas bills by giving to Energy Outreach Colorado.

Atmos Energy donates additional funds that are distributed by local energy-assistance agencies to those in need. If you'd like to donate monthly to Energy Outreach Colorado, please check a box on the back of your bill to donate $1, $5, $10, $20 or another amount. You also may call toll-free 1-866-HEAT-HELP (1-866-432-8435) or go to www.energyoutreach.org.

You also can contribute by rounding up your monthly gas bill to the next dollar. The extra pennies go to energy assistance agencies to help qualified low-income families and individuals. Call 1-888-286-6700 or visit www.atmosenergy.com to sign up.

If you later decide that you do not want to participate in this voluntary program, please call our Customer Contact Center at 1-888-286-6700 and simply ask to end your participation.

Heart Safe City Initiative

Continuing with our tradition of providing lifesaving medical equipment to our community, the NCMC Foundation is **partnering with the City of Greeley, Greeley Fire Department, Banner North Colorado Medical Center Paramedic Services, and NCMC's CardioVascular Institute of North Colorado** to become only the second city in Colorado to earn the designation of a ***"Heart Safe City."***

The ***"Heart Safe City"*** designation, supported by the American Heart Association, is a community-wide effort to **educate citizens** on the dangers of Sudden Cardiac Arrest (SCA). Identifying symptoms, learning how to administer cardiopulmonary resuscitation (CPR), and **using automated external defibrillators (AEDs)** are major components of the "Heart Safe City" designation.

Sudden Cardiac Arrest is a leading cause of death in the United States, **claiming over 325,000 lives each year!** Brain death begins to occur in just 4-6 minutes after cardiac arrest and the chances of survival are reduced by 7-10% with every minute that passes without CPR and the use of an AED. If more people were educated in CPR, and AEDs were more widely available in our community, **survival rates could be as high as 50%.**

The "Heart Safe City" initiative calls for the **placement of AEDs in public gathering spots** throughout the City of Greeley. Placements range from shopping malls, swimming pools, each of the 30 elementary through high schools in our city (including charters), grocery stores, theaters, museums, golf courses, and police cars, to name but a few. These **easy to use AEDs** are equipped with simple step-by-step user instructions and will be maintained by Banner North Colorado Medical Center Paramedic Services.

The *"Heart Safe City"* goal is to **purchase AEDs and educate community members in CPR in 2013.** The cost of one AED is $1,800. Individuals or businesses that purchase an AED outright will have their name placed on the device, noting their generous gift to the NCMC Foundation. **Please consider a tax deductible donation to the "Heart Safe City" program** to save lives by providing immediate assistance to a person in sudden cardiac arrest. Please complete and return your gift today.

Where'd the old bulbs go?

Due to efficiency legislation, the majority of incandescent bulbs can no longer be made or imported.

What to do? Make the switch to CFLs or LEDs and save. They're 75– 80% more efficient than traditional bulbs—and they'll save you money in the long run.

Think they're too expensive? We're offering special discounts for a limited time:

- Get CFLs, starting at just $1 each.
- Save up to $10 on select LEDs.

Home Energy Audits from Xcel Energy--Affordable and Effective

An efficient home means less energy waste and more money in your pocket. Start saving right away ... Xcel Energy offers Home Energy Audits at up to 70% less than market value.

Home energy efficiency assessments are an easy and quick way to determine simple measures you can take to improve your home energy use, and ultimately, save money on your bills. Request a Home Energy Audit and an energy expert will come to your home, and help you find opportunities for improvements and savings.

Rebates available.

Looking to do multiple efficiency improvement projects after your audit? You could qualify for over $1,000 in rebates from the Xcel Energy Home Performance with ENERGY STAR® program. Whether it's simple weather stripping, adding insulation or purchasing energy-efficient appliances, we have energy efficiency rebates that can save you hundreds of dollars.

Call us at 1-800-895-4999 to request a Home Energy Audit or submit your request online at xcelenergy.com/HomeEnergyAudit. You will be on your way toward increased energy efficiency and comfort in your home.
