EXHIBIT A (Budget)

2016 Budget Message

Introduction

Beebe Draw Farms Authority (the "Authority") was formed in 2011 for the purpose of providing operations services, infrastructure and amenities financing and construction, in cooperation with the Beebe Draw Farms Metropolitan District No. 1 ("District No. 1") and Beebe Draw Farms Metropolitan District No. 2 ("District No. 2").

The 2016 budget was prepared in accordance with the Local Government Budget Law of Colorado. The budget reflects the projected spending plan for the 2016 fiscal year based on available revenues. This budget provides for the general operation of the Authority.

The Authority has no assessed valuation. It supports its operations with revenues transferred to the Authority under the Authority Establishment Agreement ("AEA") among the Authority, District No. 1 and District No. 2.

Budgetary Basis of Accounting

The Authority uses Funds to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total Authority budget. The Authority's General Fund is considered a Governmental Fund and is reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures, other than the interest on long term obligations, are recorded when the liability is incurred or the long-term obligation paid.

Fund Summaries

The General Fund is used to account for resources traditionally associated with government. The Authority receives revenues from a Required O&M Mill Levy from District No. 1 and District No. 2, less direct administrative costs of each district, as outlined in the AEA. Expenditures of the Authority include administration, legal services, operations and maintenance of current facilities, and other expenses related to statutory operations of a local government.

The Infrastructure Fund is used to account for improvements to roads and water projects to be financed and constructed by the Authority. The Authority has entered into Capital Pledge Agreements with District No. 1 and District No. 2, whereby each district agrees to transfer property taxes and specific ownership taxes to the Infrastructure Fund, with the Fund receiving 80% of those revenues.

The Amenities Fund is used to account for improvements to park and recreation facilities; including community parks, bike paths, pedestrian ways, fencing, trails,

regional trails, fields, open space, cultural activities, common areas, community recreation centers, tennis courts, outdoor lighting, event facilities, lakes, water bodies, swimming pools, public fountains, sculpture art, gardens, passive and active recreation facilities. Improvements include all necessary incidental and appurtenant facilities, equipment, land, easements and extensions of and improvements to such facilities, but not limited to, landscaping improvements. The Authority has entered into Capital Pledge Agreements with District No. 1 and District No. 2, whereby each district agrees to transfer property taxes and specific ownership taxes to the Amenities Fund, with the Fund receiving 20% of those revenues.

Emergency Reserve

As required by Section 20 of Article X of the Colorado Constitution, the Authority has provided for an Emergency Reserve in the amount of 3% of the total fiscal year revenues in the General Fund.
