Status of New Maintenance Facility:

Award of Construction Contract: Attorney Clark updated the Board on the status of the finalization of the construction contract with DS Constructors LLC.

DS Constructors has requested numerous changes to the contractors representations within the contract. Legal Counsel has concerns with the requested revisions in that they shift certain responsibilities from the contractor to the Authority.

Melinda Denney with DS Constructors LLC addressed the Board and explained her suggested revisions in more detail. Attorney Clark and Attorney Cortese then explained how the requested revisions increase the risk to the Authority.

The Board discussed at length the issue. Ms. Denney then suggested some different revisions to the language in the contract that she would be comfortable with and the Authority's attorneys agreed. They will revise the contract accordingly.

Following discussion, upon motion duly made by Director Cox, seconded by Director Adkins and, upon vote, with Directors Cox and Adkins voting yes and Directors Knopinski and Hethcock supporting, the Board approved the construction contract with DS Constructors LLS for the construction of the new maintenance facility as revised and discussed and with final approval by the Authority's attorney.

Status of project: Ms. Deitman provided a status of the project. The County permit is almost complete. Once permit is complete, the Notice to Proceed will be executed. DS Constructors LLC plans to mobilize on January 27, 2016 with a construction start date of February 1, 2016.

RE: Cost of Water Service

Dear Ms. Deitman,

This letter is in response to your request for water service to serve the following property described as follows:

C1BDE Lot 153 Beebe Draw Farms & Equestrian Center Corrected 1st Filing, County of Weld, State of Colorado. Parcel # 121308001153

Water service can be made available to the above described property. Submitted herewith is the cost for one 5/8" tap on CR 11 between 4 & 6:

5/8" Tap	\$17,600.00
TOTAL DUE	<u>\$17,600.00</u>

Upon receipt of the above "Total Due" and the appropriate documentation being signed in the District's office by all deed holders, the District will prepare a work order for the installation of the meter set. The District requires a 30 day notice for a tap installation. The cost estimate and availability of service is good for 30 days. ***"The District has additional requirements that must be met when this service is connected to lines that provide water for the types of activity described in the application. We require a Reduced Pressure Zone (RPZ) backflow assembly to be installed after the meter as containment. The landowner will need to contact Dean Clarkin at our office to determine the exact requirements for their property, as instructions for installation are specific to the property and a full survey of the tap holder's water usage practices for their business may be required."***

A water tap installation is for a specific parcel of property and in no case will a customer be permitted to extend a service line from one parcel or property to another parcel to provide additional water service.

It is your responsibility to confirm with your local Fire Protection Authority if fire flow water capacity is required for your project. The above cost is for a water service tap only and **does not** reflect fire flow water capacity.

If you have any questions regarding the above, please contact this office.

Sincerely,
CENTRAL WELD COUNTY WATER DISTRICT

Stan Linker, District Manager
SL/rg

TAP FEE AGREEMENT

THIS AGREEMENT, made and entered into this _____ day of _____, 20_____, by and between the
CENTRAL WELD COUNTY WATER DISTRICT, hereinafter called the District, and Beebe Draw Farms Authority
_____ hereinafter called Customer, WITNESSETH:

WHEREAS, District has been organized as a legal body and is known as the Central Weld County Water District, and

WHEREAS, Customers are taxpaying electors within said District, or desiring to join said District, and,

WHEREAS, Customers are desirous of acquiring one water tap of 5/8 inches in diameter from the said District,

NOW, THEREFORE, in consideration of the premises and the terms of this agreement, it is mutually agreed as follows:

1. Customer agrees to pay the tap fee of \$ 17,600.00
Seventeen Thousand Six Hundred & No/100 Dollars.

2. The description of the premises for which this tap is being purchased is as follows:

**C1BDE Lot 153 Beebe Draw Farms & Equestrian Center Corrected 1st Filing, County of Weld, State of Colorado.
Parcel #121308001153**

3. This agreement, when approved by the Board of Directors, shall become a legal and binding contract upon all parties hereto.

4. Customer further agrees to execute any and all easements needed by District at no expense to District, across Customer's property for the purpose of installing the District's service line and meter pit constructed by District. District shall be responsible for restoring surface area back to reasonable condition at District cost.

5. It is further mutually agreed that this agreement shall extend to and be binding upon the heirs, executors, administrators and assigns of the parties hereto.

6. Customer further agrees to the following special provisions: ***"The District has additional requirements that must be met when this service is connected to lines that provide water for the types of activity described in the application. We require a Reduced Pressure Zone (RPZ) backflow assembly to be installed after the meter as containment. The landowner will need to contact Dean Clarkin at our office to determine the exact requirements for their property, as instructions for installation are specific to the property and a full survey of the tap holder's water usage practices for their business may be required."***

7. Customer further agrees to abide by the rates established and the rules and regulations of the District.

8. Customers are not permitted to resell water received from the District. A water tap installation is for a specific parcel of property and in no case will a customer be permitted to extend a service line from one parcel or property to another parcel to provide additional water service.

Customers may be permitted to provide water service to a second and additional residence on the same parcel of property from one water tap with Board approval. One water tap may serve a second or additional residence providing that there is only one owner involved and one specific parcel of property. A monthly surcharge for each dwelling and/or business unit shall be paid in addition to the regular rate schedule. Water service which involves two or more residences on the same water tap generally means that both pressures and flows are inadequate during the periods of peak usage. The District's responsibility ends at the customer's side of the meter yoke in the meter pit and poor pressures or flows attributed to the second residences are the responsibility of the customer. Once a customer's water service has been designated as having an additional residence involved and a dwelling and/or business unit charge has been assessed to the account, the dwelling and/or business unit charge will remain on the account indefinitely, regardless of whether the additional residences are occupied or not. No refunds for dwelling and/or business unit charges will be granted. In the event that the additional residence has been removed from the property, or the water service line has been permanently disconnected to the additional residence, the customer may request that the dwelling and/or business unit charge be removed from their account. This request must be in writing, stating the circumstances involved, and will be addressed by the Board at the next regular scheduled meeting. The customer will then be advised of the Board's decision in writing. In the event that the parcel of property involving additional residences is sold, so that the "one owner - one property" rule is violated, a second water tap will have to be purchased to serve the additional residence.

IN WITNESS WHEREOF, the parties hereto have hereunto and hereunder set their signatures the day and year first hereinabove written.
